Matching
enthusiastic and
creative teachers
to warm and
welcoming schools

About us

Simply Supply Teachers is a local, family owned business based in the heart of Norwich. Our focus is to provide high quality temporary / permanent teaching staff to primary and secondary schools across East Anglia.

We pride ourselves on providing enthusiastic and creative teachers to our schools, and offering a supportive and effective service to our teachers.

Schools and teachers can be confident they have chosen a reputable agency that is dedicated to developing trusted and long lasting relationships.

Our objective is to supply teachers that instantly fit into your school. We insist on registering all of our teachers face to face to ensure a successful match.

"Having the facility to make one phone call in the event of absence, in the knowledge that a supply teacher of quality will arrive is a real bonus - which I still appreciate each time I pick up the phone."
Testimonial, Jan 2012

Why Simply Supply?

With over five years experience working with schools across East Anglia we know how to make your supply process appear effortless.

We understand the importance of continuity in the classroom, and strive to provide this wherever possible.

We appreciate that you need a dedicated, efficient and friendly service available 24/7. We are not a corporation; we are a local company, focused on providing schools with a fair and honest service.

We enjoy building personal relationships with each and every one of our teachers and schools which means that we also deliver the best service possible.
